Maintaining clean engine oil is vital for engine health. Use the recommended viscosity (typically 5W-30) and change it every 5,000 miles if using conventional oil, or up to 10,000 miles with synthetic oil. Always replace the oil filter simultaneously to prevent debris from circulating.

Brake System

Brake pads typically wear out over 30,000 to 70,000 miles depending on driving habits. Regular inspections at every oil change are recommended. Replace pads when thickness drops below 3mm and ensure brake fluid is clean and at the proper level.

Transmission Service

The 2007 Camry's automatic transmission fluid should be replaced every 30,000 miles for optimal performance. Use Toyota-approved fluid to avoid damaging the transmission.

Cooling System

Coolant should be replaced around 60,000 miles to prevent corrosion and overheating. Always check for leaks and replace the radiator cap if necessary.

Timing Belt

Most 2007 Camrys are equipped with a timing chain, which generally does not require replacement unless there are specific issues. However, if your model has a timing belt, replacing it around 60,000 miles is crucial to prevent catastrophic engine damage.

Additional Maintenance Recommendations

- Inspect and Replace Wiper Blades: For clear visibility, especially in wet weather.

- Check and Replace Exterior Lighting: Headlights, taillights, and turn signals for safety.
- Align and Balance Wheels: To ensure even tire wear and optimal handling.
- Inspect Exhaust Emissions System: To meet environmental standards and prevent emissions-related issues.

DIY Maintenance Tips and Safety Precautions

While many basic maintenance tasks can be performed at home, always prioritize safety:

- Use proper tools and wear safety gear.
- Keep the vehicle on a level surface and use jack stands when lifting.
- Dispose of used fluids responsibly following local regulations.

For complex tasks like transmission fluid replacement or timing belt service, it's advisable to seek professional help to prevent damage and ensure proper installation.
