Understanding Your Dragon's Nature and Needs

Recognizing Dragon Behavior and Potty Habits

Before beginning the training process, it's crucial to understand your dragon's natural behaviors and potty habits. Different dragon species—such as fire, water, earth, or air dragons—may have varying needs and tendencies.

- Behavioral Signs: Watch for signals indicating your dragon needs to go, such as circling, sniffing, or heading towards a specific corner.
- Potty Locations: Many dragons have preferred spots, often connected to their environment or instincts. Identifying these can help in establishing designated potty areas.
- Frequency: Young dragons might need to potty more frequently, similar to puppies or kittens, while mature dragons may have more predictable schedules.

Creating a Suitable Environment for Potty Training

A comfortable and safe environment encourages successful training.

- Designated Potty Area: Choose a specific spot or container where your dragon can potty.
- Accessible Space: Ensure the potty spot is easily accessible at all times.
- Cleanliness: Keep the area clean to prevent odor buildup and promote good hygiene.
- Materials: Use materials that suit your dragon's preferences—smooth stones, sand, or special

dragon-safe potty pads.
