Understanding Enmeshment in Family Relationships

What is Enmeshment?

- The mother relying heavily on her son for emotional support.

- Difficulty establishing healthy boundaries around privacy, decision-making, and independence.

Signs of Enmeshment

Recognizing enmeshment can be challenging but watch for these signs:

- Over-involvement in each other's personal lives.
- Lack of emotional boundaries, such as sharing overly personal information.
- Difficulty making independent decisions without consulting each other.
- Resentment or guilt when boundaries are attempted to be set.
- Exclusion of other family members or spouses from conversations and decisions.
- Feeling responsible for each other's happiness or well-being.

Understanding these signs is the first step toward addressing enmeshment and fostering healthier relationships.
